

1000V UTILITY INSULATED HAND TOOL KITS FROM SALISBURY

Salisbury makes working in the field even easier with these three New Utility Tool Kits.

Salisbury now offers three specially designed Utility Insulated Hand Tool Kits. These convenient tool kits include everything you need for routine utility applications. Salisbury is proud to offer a **24 piece Substation Tool Kit**, a **16 piece Meter Tool Kit**, and a **15 piece Lineman's Secondary Distribution Tool Kit**. Each kit includes easy storage tool rolls and lightweight tool box.

Every insulated hand tool is rated for exposure up to 1000VAC and dielectrically tested at 10,000VAC. These tools meet or exceed ASTM F1505-07 and IEC 900 Standards for Insulated Hand Tools. These tools are necessary for compliance with OSHA 1910.333 (c)(2), and NFPA 70E 2004.

The insulating material used is impact resistant and flame retardant. Two-color insulation makes inspection easier which adds to the overall safety. If the yellow under layer is showing, the tool may no longer be insulated properly and should be considered for replacement and shall be removed from service.

- Meets IEC 900 Standard for Insulated Hand Tools
- Exceed ASTM F1505-07 Standards for Insulated Hand Tools
- Helps Meet OSHA Requirements
- Meets NFPA 70E Requirements
- Tested to 10,000 VAC and Rated for 1,000 VAC Maximum Exposure
- Impact Resistant & Flame Retardant Two-Color Insulating Material
- Made in U.S.A.
