

SS30 LINEMAN'S SUN SCREEN
from **SALISBURY**

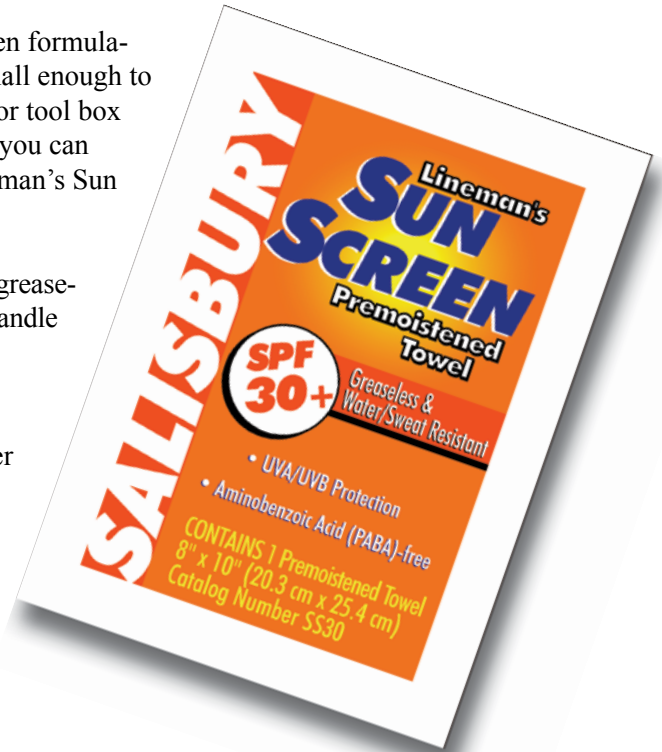

Out in the sun all day? Are you protecting your skin from harmful UVA/UVB rays? Are you safe from the effects of long-term exposure to the sun?

Out on the job site, the last thing you need to think about are the harmful rays of the sun. Well, Salisbury has thought about that for you.

Salisbury's **SS30** is a convenient sunscreen formulation in a large premoistened towelette. Small enough to keep in your pocket, glove compartment, or tool box all day. So when the sun is beating down, you can easily reach for your Salisbury SS30 Lineman's Sun Screen.

The sunscreen is SPF 30+ and completely greaseless. It's also water and sweat resistant to handle those scorching summer days in the sun.

The towelettes have been tested to be safe for use around rubber gloves and all rubber
